

# Support Burrowing Owls of Marco Island AWE Owl Watch Program [www.audubonwe.org](http://www.audubonwe.org)

With your support in purchasing these beautiful note cards, Audubon of the Western Everglades (AWE) will be able to continue to maintain the burrows by weed whacking inside the roped off area, repairing the perches, ropes, pvc posts and the signage identifying them as a Florida Species of Special Concern. **Adopt-A-Burrow for \$100.00** and get a certificate for your burrow site, note cards and recognition on website.

We will also send you pictures of your owls from your burrow periodically during nesting season, Feb-July

Note cards alone are \$20.00 for six. (See photos below)  
Thank you for your support! AWE Office: 239-643-7822
